Name:_____ Date:_____ Grade:_____

Directions: Go to the website and complete the steps below.

Website: http://www.sciencebuddies.org

1. Click on the **Project Guide** Tab.
2. Under **How to Do a Science Fair Project**, click **Your Question.**
3. Under **Key Information**, click **Topic Selection Wizard.**
4. Please answer the short page of questions about you and your project. (Your project is due Wednesday, February 8, 2012. You can pick any area for your topic.)
5. Choose **Continue** and complete the **Science Interest Survey**. Choose **Continue.**
6. Read through the recommended project ideas. Read through the list. If something interests you, choose to read more, add to favorites, or show others you like it.
7. Read through each project of interest, paying attention to the difficulty of the project, time requirements, and cost of materials.
8. Choose 2-3 ideas and list them on the lines below along with a short description, degree of difficulty, time required, materials and equipment.
